

## **NFEC Industrial Premises Dialogue Session with FSMs and Safety Officers @ HQ SCDF**

**14 March 2016**

The Annual NFEC Dialogue Session with FSMs and Safety Officers for industrial premises was held at HQ SCDF on 14 March 2016 with approximately 30 Fire Safety Managers and Safety Officers from various industrial premises attending.

In this dialogue, MAJ Samuel Koh from SCDF gave an update on the Fire Statistics from January to December 2015 while MAJ Azmi Adam from SCDF presented on the common fire safety non-compliances and SCDF enforcement actions.

The panel which comprises Mr Rowan Tan (Chairman, NFEC Industrial Premises Committee), MAJ Samuel Koh and MAJ Azmi Adam also took questions from the floor relating to FSM, Safety Officers and Company Emergency Response Team (CERT) issues.

The dialogue was a very beneficial and candid session where the participants took the opportunity to raise questions concerning their industry. This allowed them to understand better the requirements and clarified their doubts.
